**My Distant Beauty**

There you stand,  
My distant beauty.  
Like a star in the sky,  
Shining in my eye.  
Like a lotus in the flood,  
Tempt me a love fool.

Why there you stand,  
Silently without a word?  
Like a rose in the rain,  
Standing firmly without pain.  
Like a plum blossom under snow,  
Lovely but no one know.

Here I stand,  
Farthest in distance,  
But closest in heart.  
Stay I till the end,  
When holding your hand,  
Own a life-time span.
